### Project Summary

Learning with Vodafone is a digital education initiative being implemented by Pratham Education Foundation and funded by Vodafone India Foundation and Indus Towers Ltd. The programme is an innovative teacher-centric technological intervention which is currently working in 1,020 schools across 8 states with the aim of enhancing the learning levels of students in low income schools by introduction of technology and group learning pedagogies in classrooms. In the coming academic year (2018-19), Learning with Vodafone will be scaling up and reaching out to schools with hardware and provide them with content for classes 6-8 for mathematics and science. The teachers will also be given access to a teacher portal with pedagogy related course, online digital content and chance to network with other teachers. This will provide them with an opportunity to implement group learning pedagogies in their classrooms and integrate technology as well.
