

Pratham Institute: Centre Head- Beauty Program

About Pratham Institute: At Pratham Institute for Literacy, Education and Vocational Training, we work across the country to provide individuals with the employability skills needed to address India's growing need for skilled manpower. Between now and 2025 over 250 million young people are estimated to enter the Indian workforce, while only 5% of youth aged 20-24 have obtained vocational skills through a formal training system. Pratham's Youth Skilling Program was therefore launched in 2005 with a mission to create sustainable programs for training and retraining of youth for employability or entrepreneurship.

Our training centers are spread across 10 states in India. We have trained over 3,700 students till date in various skills through our Industry specific courses in Hospitality, Construction, Automotive and Bedside Assistance. We also run Entrepreneurship programs in Beauty to cater to people who have an entrepreneurial mind set and want to set up their own practices.

Pratham Institute launched the Beauty Program under the banner name of Pratima in November 2011, to encourage the spirit of entrepreneurship. We currently have 19 Hub Beauty Centers across India. The Beauty Program aims at recognizing, supporting and handholding enterprising individuals to set up their own beauty parlours. So far, Pratham has supported 442 entrepreneurs through this initiative.
